Front Parts List:

1 – 2.0 Steering Stabilizer (20C001-207)

Tools Required:

Metric Wrench/Socket Set

INEOS Grenadier
OEM PERFORMANCE SERIES

Make sure the vehicle is on level ground.

Set the parking brake or block tires to prevent vehicle from moving while working underneath.

1. First remove the bolt from the axle mount using an 18mm socket.

IMPORTANT: Read all instructions thoroughly from start to finish before beginning the install. Check parts list and make sure all parts are included in the kit. If the instructions are not properly followed severe frame, driveline and/or suspension damage may result. Check for frame and suspension damage prior to installation.

This kit does not require welding. Do not weld on any component. Welding may void the warranty and/or cause the product to fail. If any parts are missing, or for tech assistance; Contact King Off Road Racing Shocks: 714-530-8701 Most important after the install, Feel the difference and have fun.
